Reference: 2012 Drinking Water Certification-AK00969, Microbiology

Ryan Seeman:

Thank you for submitting the application for renewal of SP - Analytica (Anchorage) drinking water certification by the State of Alaska.

SP - Analytica (Anchorage), EPA # AK00969, located at 4307 Arctic Boulevard, Anchorage, AK, is granted full certification for the analysis of drinking water by the State of Alaska for the contaminants listed in the State of Alaska Scope of Accreditation.

Certified methods and contaminants are valid until June 30, 2012 or until SP - Analytica (Anchorage) fails to meet the criteria as specified in the Certification Manual (EPA 815-R-05-004) and Alaska Administrative Manual (18 AAC 80) as they pertain to the certification of laboratories conducting Microbiological analyses of drinking water. Renewal instructions are available from the following site:

<http://www.alaska.gov/dec/eh/lab/dw/dwmicro.htm>

SP - Analytica (Anchorage) is required to notify the State of Alaska certification authority in writing, within 30 days, of any major changes in personnel, equipment, laboratory location or any other activity that might impair the lab's analytical capability.

Your State of Alaska laboratory ID number is AK00969. Please remember to include this number in ALL correspondence concerning your Alaska Certification and on all data transmittals.

In order to assure timely handling please address all correspondence to the attention of 'SDWA Certification Officer - Microbiology'.

If you have any questions, please contact the Alaska Department of Environmental Conservation Environmental Health Laboratory at (907)375-8209 or at the following email address Sherri.Trask@Alaska.gov.

Respectfully,

Sherri L. Trask
SDWA Certification Officer-Microbiology

Laboratory Certification Program

Scope of Accreditation

Expiration: 06/30/2012

SP - Analytica (Anchorage) AK00969
4307 Arctic Boulevard
Anchorage, AK 99503

is certified by the State of Alaska Department of Environmental Conservation, pursuant to 18 AAC 80, to perform analysis for the parameters listed below using the analytical methods indicated. Accreditation for all parameters is final unless indicated in a note. Accreditation is for the latest version of a method unless specified otherwise in a note. EPA refers to the U.S. Environmental Protection Agency. SM refers to American Public Health Association's publication, Standard Methods for the Examination of Water and Wastewater, 18th, 19th or 20th Edition unless otherwise noted. ASTM refers to the American Society for Testing and Materials.

Drinking Water Microbiology

Method/Test Name	Reference	Analyte	Matrix	Status
Colilert-18 MPN	SM	E. coli	Water	Approved
Colilert-18 MPN	SM	Total Coliform	Water	Approved
Colilert-18 PA	SM	E. coli	Water	Approved
Colilert-18 PA	SM	Total Coliform	Water	Approved
Colisure PA	SM	E. coli	Water	Approved
Colisure PA	SM	Total Coliform	Water	Approved
Enterolert (ASTM D6503-99)	ASTM	Enterococci	Water	Approved
HPC SimPlate	SM	Heterotrophic Bacteria	Water	Approved
Membrane Filtration (mFC)	SM	Fecal Coliform	Water	Approved
